

“Protect Every Drop” is Caltrans’ Stormwater Public Education Campaign to encourage you and every Californian to help improve water quality by keeping pollutants off our highways and out of our storm drains to keep California waterways clean.

 ProtectEveryDrop.com

Peel here and stick me on your car!

**Clean waterways start
with clean storm drains.**

**Clean storm drains start
with clean highways.**

**Clean highways start
with me.**

**I commit to doing my part to keep
our water clean. I pledge to:**

1. Wipe off brake dust build-up on my rims and wheels
2. Keep my vehicles clean to prevent residue from washing off when it rains
3. Reduce fluid leaks with regular vehicle maintenance
4. Properly dispose of my trash and recycling
5. Tarp and tie down my trash, vegetation and other loads to keep items secure
6. Keep my tires properly inflated to prevent wear and improve mileage
7. Avoid pesticides and fertilizers when rain is forecast
